**3.** Salmon Creek and Eisenhower soccer clubs urgently need more small "mini-mod" fields for teams of children ages 6-7, many of whom live in this area. The county is considering using about 1.5 acres of this 5 acre park for this purpose. The fields would be used by the soccer clubs every day except for Wednesdays and Sundays during their fall seasons. The fields would be open to the public the rest of the year. Games would occur only during daylight hours, and off-street parking would be provided. The remaining 3.5 acres of the park would feature other neighborhood park elements (see question number 1). Based on this information, would you support including these fields at this park?
